ESEMPIO APPLICATIVO
APPLICATION EXAMPLE

Plug fan cassonato e insonorizzato, ideale per vari utilizzi, tra cui l'applicazione diretta in filtri in depressione. Questa configurazione consente un notevole risparmio di spazio e una maggiore efficienza del filtro con una riduzione significativa di ingombri e rumorosità.

A boxed and soundproofed plug fan, perfect for a wide range of applications, including direct use in negative pressure filters. This design offers substantial space savings, enhances filter efficiency, and minimizes both size and noise.
